

Participants of Hong Kong's Clearing Systems

Category of Membership

Direct Participant (DP) – Each DP maintain a settlement account with the Settlement Institution (SI)/RMB Clearing Bank of the respective clearing system (i.e. HKD SI is HKMA, USD SI is HSBC, Euro SI is Standard Chartered Bank (Hong Kong) Limited and RMB Clearing Bank is Bank of China (Hong Kong) Limited) to clear and settle CHATS payments and bulk clearing items.

Indirect Participant (IP) – IP does not maintain any settlement account with the SI. Its CHATS payments and bulk clearing items are settled through a DP (apply to USD clearing system only).

Indirect CHATS User (ICU) – ICU does not maintain any settlement account with the SI. Its CHATS payments are processed by a DP (apply to USD and Euro clearing systems only).

Third Party User (“TPU”) – TPU does not maintain any settlement account with the SI. Its CHATS payments are processed by its DP(s). A TPU can enter into sub-settlement agreements with more than a DP and has to provide its own SWIFT BIC for identification. If a TPU has no SWIFT BIC, it has to provide the account number of its account maintained with its DP for identification, which is displayed only when consent are given by both the TPU and its DP (apply to USD and Euro clearing systems only).
